

**SCHWAB FORCED
TO CEASE WORK**

Health of the Steel Magnate Is
Seriously Impaired.

WILL SEEK FOREIGN CLIME

EXTENSIVE CHANGES IN STEEL
CORPORATION WILL FOLLOW.

PITTSBURGH, Pa., Aug. 18.—A special to the Pittsburgh Dispatch from Loretto, Pa., says:

President Charles M. Schwab of the United States Steel corporation has accepted the advice of his physician and decided to retire indefinitely from active business life. He will leave America to seek some quiet resort in a foreign clime where not an echo of the strenuous life he has led can reach him. His information is authentic.

Mr. Golden never leaves the Schwab home, and the exact nature of his patient's condition cannot be known. Mr. Schwab is not content to lie in bed, but spends much of his time on the wide veranda which affords him a sweeping view of the mountain slope. He is always with his wife or his parents.

The strange part of Mr. Schwab's illness is that he is always within view of those who call at his home, yet he will not allow any person to approach him. Hereafter the visitor to the Schwab home will be greeted with a hearty welcome and a vigorous handshake. Now the visitors are met at the entrance and are told that Mr. Schwab cannot be seen. Intimates of the family receive the same information, and no one has been able to converse with President Schwab since he came back to his home.

A Very Sick Man.
The people of this town, who still call him "Charlie" because of their early and intimate acquaintance with him, are discussing his prospective departure. They know that he is generally believed to be in a very serious condition and are relieved that he will spend possibly a year in an effort to regain his health.

The presence of sisters belonging to the Order of Mercy in his home day and night since Thursday was another indication of illness. The nurses were not called, but it is generally known that they are nursing the man who has so many times befriended them and their institutions.

The knowledge of the people of Loretto is that Mr. Schwab is going away somewhere. His destination will be kept a secret, and he will do nothing but seek health until his nerves have been restored to their normal condition and his mind fully relieved of the great strain resulting from so many business cares.

Visitors Turning Back.
It was after learning that his health was very bad and that he intended to devote a year's time to recuperation that I passed into the grounds leading to the home on the mountain top. Mrs. Schwab said that her husband would not see any person, and had not been seeing visitors for several days. Mr. Schwab sat on a couch within hearing of our voices. A paper was before his eyes. He exhibited no interest and made no attempt to move. Business associates, it is said, have met with a similar reception during the two days. Mr. Schwab has been directed by his doctors to rid his mind of all business cares, and he is obeying the orders religiously. Inquiry among the people of the town who have conversed with the Schwabs fully corroborated the story that he intends to retire from active business life. His friends, however, deny that if he leaves the United States Steel corporation will be at the dictation of any person other than himself.

EXTENSIVE CHANGES.

Many of Schwab's Friends Will Lose
Their Positions.

New York, Aug. 18.—The retirement of Charles M. Schwab from the presidency of the United States Steel corporation is now commonly accepted as a fact, and it is expected that extensive changes will follow in the official quarters to confirm the report.

President Schwab's impaired health is the reason for this action. It will be followed by extensive changes in the membership of the organization. The succession to the presidency is a matter of surmise only, and it has been decided no information can be had on the subject. But there are many choice positions in the United States Steel corporation being held by persons who are there on account of personal ties with Mr. Schwab, and who remained with the corporation from a devotion to his interests, growing from former association in the Carnegie company. It has been reported that the presidency would pass to James Dayley, the first vice president of the corporation.

Other rumors have pointed to H. C. Frick.

TROOPS ARE NOT NECESSARY

No Serious Trouble With Strikers at
North Platte, Neb.

North Platte, Neb., Aug. 18.—Governor Thayer announced that he does not think it necessary to call out the state militia to guard Union Pacific property at North Platte. The situation at the coal mines and the railroad has been quiet since the arrival of Attorney Baldwin and other officials. The strikers have been ordered to return to work, and the situation is quiet.

MORTGAGE FOR \$16,000,000.

San Francisco, Aug. 18.—The United States Shipbuilding company, recently organized, has secured a mortgage record in the recorder's office today. The mortgage is for \$16,000,000 and covers the issuance of bonds for that amount. The mortgage is the first of its kind in the history of the company.

THE WORLD'S COMMERCE.

Washington, Aug. 18.—The state department today made public a report from the United States consul at Winter, Germany, dated July 19, showing the comparative trade of the world for 1901, according to German statistics. The total imports and exports of all countries is given as \$22,800,000,000. The United States is given as \$2,138,000,000. The total trade of the world is given as \$22,800,000,000.

HONOR FOR AGASSIZ.

Berlin, Aug. 18.—Professor Alex Agassiz, the naturalist, has been appointed a member of the civil division of the order Pour le Merite.

Cured Paralysis.

W. S. Bailey, P. Tex., writes: "My wife has been suffering from paralysis for years. I was persuaded to use Ballard's Snow Liniment, which cured her of all right. I have also used it for old sores, frost bites, and skin eruptions. It does the work." \$1.00 bottle at Z. C. M. L.

PRIVATE SAFE OPENED

Mrs. Oelrichs, Sister of Charles
W. Fair, Obtains Private
Papers of Deceased.

New York, Aug. 18.—Justice Gige Rich, in the supreme court today, on the application of attorneys for Mrs. Theresa Alice Oelrichs, issued an order directing the New York Stock Exchange Building company to permit either Mrs. Oelrichs in person or her counsel to examine a private safe belonging to the late Charles Fair. The examination is for the purpose of ascertaining whether any will executed by Mr. Fair is in his private safe.

Mrs. Oelrichs, accompanied by her lawyer, went to the stock exchange vaults this afternoon and efforts were made to open the vault in search of the will. Mr. Wright, who has charge of the vaults, made several efforts to unlock the combination, trying several combinations suggested by Mrs. Oelrichs, without success. A safe expert was then sent for.

After about an hour's work two experts opened the vault and the contents were handed by Mr. Wright to Mrs. Oelrichs. The entire party then left the place through a rear door.

When Colonel Jay, the lawyer, was asked concerning the contents of the box, he refused to talk. Mr. Wright was also reticent. The experts, after removing the combination, took one from another box and put it on the safe.

Does Not Expect Legal Battle.
San Francisco, Aug. 18.—Judge Carroll Cook today postponed the hearing of the application of Public Administrator Parnham for special letters of administration over the estate of Charles Fair and wife, until tomorrow. Until Mrs. Hannah Nelson, the mother of the late Mr. Fair, arrives here from Plainfield, N. J., it is highly improbable that any testament from either of the victims of the automobile accident in France will be filed for record.

Attorney Hegerty has little to say today in regard to the situation. "We are awaiting the arrival of Mrs. Fair's relatives," said he, "and do not by any means expect a legal battle, as has been intimated. Beyond that I can say nothing."

STRAINED RELATIONS

WITH SUBLIME PORTE

Constantinople, Aug. 18.—The non-execution by the Turkish government of questions affecting the interests of American citizens has led to somewhat strained relations between the United States minister, John G. A. Leishman, and the Turkish government. The Turkish government has refused to accept the terms of the settlement already agreed upon and has further delayed and that this may possibly lead to a sharp reminder of the United States.

PETER POWER WILL

RETURN TO NEW YORK

New York, Aug. 18.—United States Marshal Hendel today received the following telegram from Montreal from George A. Lamb, the attorney in the case of Peter Power, director of the Northern Pacific railroad:

"Shall notify the directors of the Northern Pacific railroad that on Tuesday morning as agreed. Body of Pinkerton men Look to you to see there is no interference on the train by anybody."

It is supposed that the Pinkerton men are armed with bench warrants for Power's arrest and it may be that they will be arrested. A mail clerk and a porter were seriously hurt, but the passengers escaped with minor injuries.

EXPLOSION OF GASOLINE.

Peoria, Ill., Aug. 18.—Four persons were badly hurt by an explosion of gasoline during a pyrotechnical display at the old Salem Chautauqua. The injured: Colonel W. F. Merriam of Wilkesfield, Ill., a thumb and two fingers blown off; Harry Levering, director of the Chautauqua, struck with a flying missile and three fingers torn from right hand; Arthur McDavitt, inhaled flame and smoke, is dying; Lyle Watkins, badly burned; may recover.

ENCOUNTERED BAD WEATHER

Evolution of the British Fleet Were
Cut Short.

London, Aug. 18.—The naval maneuvers in the West today were marred by the weather. Torrents of rain and half a gale of wind drove the spectators from the sea front, and it was noon instead of one o'clock when the royal yacht Victoria and Albert left Cowes and took King Edward through the lines of the fleet. Subsequently an array of battleships and cruisers, to the number of nearly eighty, formed in two columns and passed on either side of the Victoria and Albert. All the war vessels named ship as they passed the royal yacht.

The evolution of the fleet had to be curtailed in consequence of the weather, rendering the passage difficult from the Gridiron. The flotilla of torpedo boat destroyers, escorting the king, pitched in such a way that they looked from a distance like a shoal of porpoises playing around the royal yacht. The Victoria and Albert returned to Cowes at about 4 o'clock and the fleet dispersed to take up its usual duties.

BLOODY WORK OF A FARMER.

One Man Killed and Another Desperately
Wounded.

Guthrie, O. T., Aug. 18.—A special to-night from Heaton, an isolated town in Canadian country, says that Charles Berlew, who came recently to that vicinity from Illinois, was shot and instantly killed in a desperate four-handed duel, and Rodney Spies seriously wounded, the shots said to have been fired by Elisha B. Barker, a farmer. The trouble arose over three machine guns using water from Barker's well. Barker, after the killing, took his wife behind him on a dead horse and was captured after he had placed a long distance and the South Canadian river between him and his pursuers.

PASSIONATE FATHERS.

Pittsburg, Aug. 18.—Members of the Order of the Passionist Fathers from all parts of the country are holding their general session this week. The Rev. Mr. John Baptiste Bandinelli, C. F. M., is in charge.

**BOER GENERALS
LEAVE ENGLAND**

Will Visit Kruger and Steyn in
Their Retirement.

MADE MUCH OF IN LONDON

REASON THE KING'S INVITA-
TION WAS DECLINED.

LONDON, Aug. 18.—The Boer generals, Botha, Dewet and Delarey, started for Brussels tonight. Captain O'Donnell, who served on Dewet's staff throughout the war, starts immediately for America to prepare the way for the visit of the generals. He says that altogether about 500 Americans and 500 Irishmen were with the Boer forces.

Late in the afternoon the Boer generals left their hotel and proceeded to the docks to embark on the steamer Batavier, bound for Rotterdam. In spite of the secrecy of their movements a large crowd awaited the generals and cheered the departing visitors.

Montague White, former consul general in London of the Transvaal, has issued a statement authorized by the Boer generals, as follows:

"The generals are proceeding to the continent for the purpose of greeting Mr. Kruger and Mr. Steyn and attending the funeral of General Lucas Meyer. Their present intention is to return to London at an early date for the transaction of business, but they have not decided on any fixed plan. During their brief stay in London the generals have been the recipients of many invitations and kind messages of welcome which they fully appreciated."

"The report that the decision of the generals not to visit the naval review was due to the influence of Mr. Fischer is not true. Their real reason for declining the invitation was that they did not consider their attendance quite suitable for a ceremonial visit, and the necessary short notice conveyed to them did not give them the time for necessary preparations. They were, however, glad of the opportunity of paying their respects to the king on the following day, after they had made the necessary purchases, and they were gratified at the kind manner in which they were received by his majesty."

WRECK ON THE ROCK ISLAND

Five Coaches Ditched, But No One
Fatally Injured.

Muscogee, Ia., Aug. 18.—The El Paso limited on the Rock Island system was wrecked by a washout a mile west of Letts early this morning, and five coaches and engine were thrown into the ditch. The train carried a heavy passenger list, and there were many miraculous escapes from death. Many are reported injured. The washout was caused by a cloudburst.

It was learned later that no one was fatally injured. A mail clerk and a porter were seriously hurt, but the passengers escaped with minor injuries.

EDUCATION AND FINEARTS.

Limit of British Exhibit at St. Louis
Exposition.

London, Aug. 18.—The government's official exhibit at the St. Louis exposition will be limited to subjects of education and fine arts, but it is expected that the wide range of non-official exhibits will include various features of applied arts. The fine art exhibit is to be controlled by a committee of the Royal academy, and arrangements for this exhibit are being made by Sir Edward John Poynter, president of the academy. The foreign office will facilitate all industrial exhibits.

A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Missouri, writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge. The first two doses brought four worms from one of them; the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only cures worms, it helps the child to perfect growth, wards off sickness. 25c at Z. C. M. L.

Men, Wake Up!

Is Your Back Weak?
Have You Dragging Pains?
Are You Easily Tired?

LARGE HEBREW POPULATION.

Over Half a Million Jews Reside in
New York.

New York, Aug. 18.—According to statistics based on the number of Jewish burials recorded by the board of health and compiled by the Jewish World, the Hebrew population of New York City is estimated at 584,788. In Manhattan alone every fourth man or woman is a Jew or Jewess.

The Jewish burials amounted, in 1901, to 7,297, and as the death rate in the most congested Jewish district is a little over fifteen per thousand, this implies a population of 533,133 in the middle of 1901. Since that time no less than 29,225 Jews have arrived at New York and stayed here, while, by natural increase, births exceeded deaths another 12,400 would be added up to Aug. 1 of this year, making a grand total of 584,788.

The number of Jewish marriages in Manhattan alone in 1901 was 5,062, which, at a very high marriage rate of ten per 1,000, would imply a population of 506,200, to which has to be added 70,000 Jews of Brooklyn and the increase by immigration and excess of births, as before.

SERIOUSLY ILL.

Atchison, Kan., Aug. 18.—B. W. Wagner left today for Kenosha, Wis., in a special car in response to a telegram announcing the serious illness of his law partner, A. H. Horton, ex-justice of Kansas. Judge Horton will be taken to his home in Topeka at once in a special car.
